MEMORANDUM FOR : Deputy Director (Plans)

SUBJECT : Leave Request and Travel of [redacted]

25X1

1. While I was visiting at [redacted] station, he indicated a desire to visit the unit in [redacted] and then take leave in conjunction with this visit in order to tour the South Pacific. Timing was suggested as either April or May, subject to the convenience of this headquarters. I advised him that I would approve this subject to the following conditions: 25X1 25X1

- a. Press of business at the time.
- b. No transportation cost to the Agency.
- c. Minimum per diem, not to exceed \$50-60.
- d. That he return to duty on or about 20 April since this appears consistent with the 18 May deadline for flight test of the new engine.

2. While I was in Europe [redacted] sent a message to headquarters to confirm the arrangements. Unless you have objections, I propose to approve his leave and trip subject to the above conditions plus a prohibition from visiting Hong Kong. 25X1

3. Military personnel or their wives are permitted under Air Force Regulations to travel free on MATS on a space-available basis (that is, anyone on TDY could bump them at any station). En route to Tokyo, [redacted] has made arrangements to fly as a crew member. 25X1
